

Welcome to Community Programs & Services

Our world is changing at an ever-increasing rate. It is becoming ever more complex and for some of us, more confusing. By continuing to learn, we can come to understand and influence some of the changes going on around us.

Douglas College is a place where people of all ages can come for a variety of life-long learning opportunities. Each year over 12,000 people from all over the Lower Mainland come to Douglas College for non-credit programs, courses, conferences and events. These learning activities are planned for adults and are designed to provide "learning for work and learning for life."

The Community Programs and Services Division of Douglas College is responsible for non-credit continuing education. In response to defined needs in the community, it offers short-term and part-time courses as well as some longer term instruction. In this ACCESS magazine, you will find a variety of learning opportunities which we hope will be of interest and help to you.
